Sneha Wani

FULL STACK WEB DEVELOPER (MERN)

About Me

"I am a dedicated full-stack developer proficient in front-end technologies such as HTML, CSS, JavaScript, and React, as well as backend technologies including MongoDB, Express.js, and Node.js. I also possess knowledge of data structures, algorithms, and C programming. My goal is to apply my skills in a dynamic environment, contributing to impactful projects and enriching user experiences with innovative, high-quality solutions."

Pune, Maharashtra

Language

- English
- Hindi
- Marathi

Skill and Strengths

- Leadership
- Quick Learner
- Management Skills
- Creativity

Technical Skills

Front-end Technology : HTML5, CSS3, Javascript,Ajax,React,Redux,Redux-tool-kit

Back-end Technology : NodeJS, ExpressJS, RestAPI

Tools : Postman , React testing library

Database : MongoDB, mySQL

IDE : Visual Studio Code

Deployment : Github, firebase, streamlit

Other : C , Python , Java, DSA , DAA

Projects

Hospital Management System

Tech stack : HTML, CSS ,JS , ReactJS , NodeJS, ExpressJS, MongoDB

Description : I developed a Hospital Management System (HMS) using the MERN stack to streamline the operations of healthcare facilities. The system integrates essential functions such as patient registration, appointment scheduling, medical records management, and billing. It features secure, role-based access for patients, doctors, and administrators, ensuring efficient workflow and data privacy. By automating billing and generating detailed reports, the HMS enhances resource management and aids decision-making, ultimately improving both administrative efficiency and patient care.

Education

PCET Nutan College of Engineering and Research, Talegaon Dabhade

2023 - 2026
B.Tech (computer science and engineering - Artificial Intelligance)

Government Polytechnic, Jalgaon

2020 - 2023
Diploma in computer engineering

Nandinibai Wamanrao Girls High School , Jalgaon

2020
SSC
